MEMORANDUM FOR: Colonel White

1. Attached is the DD/P T/O package which includes proposed tables of organization for the [redacted] Staff and the area divisions. Together with the T/O requests previously received and proposed, the attached material covers the entire DD/P organization except for TSS.

3. For each of the area division proposed T/O's, the Personnel Office has indicated only preliminary concurrence in the absence of final classification review. The Personnel Office comments are tabed in each case except for WE Division. In this latter instance, the concurrence sheet states that a separate note from the Personnel Office is attached. However, I have not been able to find such a separate note. It is presumed that were such a statement included it would mention the same preliminary concurrence which is given for each of the other Divisions.

4. The Comptroller generally has concurred in the individual T/O requests submitted at this time by the Office of the DD/P. The Chief, Finance Division, had specified the need for certain changes in the FE T/O. The Comptroller's concurrence on the FE proposal was given subject to adoption of the recommendations of the Chief, Finance Division. Since the FE T/O incorporated these recommendations the Comptroller's concurrence can be regarded as final. The Comptroller's concurrence on the NEA Division request is not clear-cut. He has concurred in the portion of the request which pertains to the Headquarters finance staff. However, he says that concurrence on the field portion is subject to inclusion of the Finance Officer positions mentioned in previous memoranda originated by the Finance Division and addressed to the NEA Division. From my review, it appears that the NEA field T/O does not fully incorporate all of these positions.
